

ABOVE[®] THE LINE

"Coffee with a Conscience"

Maximising Youth Potential™

ABOUT PROJECT K

Project K teaches local young people the skills to live **Above The Line**, set goals and make positive choices in their lives. Graduates who have completed the program have developed self-esteem and improved their attitudes and behavior in our local communities. Many graduates achieve far more than they dreamed possible.

BUY ABOVE THE LINE COFFEE

You can show your support and contribute to this mission by purchasing Above The Line Coffee from Underground Coffee Company. The profit made from each bag of Above The Line Organic Fair Trade Coffee is donated to Project K to help support and fund their Local Youth Development Program.

SO HOW CAN I HELP?

Each bag of Above The Line Coffee you purchase provides a positive injection, directly assisting a young person on a journey of increased self confidence and positive transformation.

It is only with substantial funding that Project K is able to realise the dream of helping young people across New Zealand transform their lives.

SO HOW CAN I ORDER?
